

2008 Pest Management Tour (Day 1, Monday October 20th)

(The Pest Management Tour is a cooperative effort between the MSU Pesticide Safety Education and MSU Integrated Pest Management programs. This effort is designed as a last chance opportunity for private applicators to obtain 6 recertification credits before the January 1st deadline, while using professionals to deliver a high quality program related to many disciplines of local interest. Commercial / Government applicators are also urged to attend this program where they can obtain 5 commercial / government applicator credits towards the categories of Dealer, Demonstration & Research, Ag. Plant Pest Control, Forest Pest Control, Right of Way Pest Control, Regulatory Weed Pest Control, Agricultural Vertebrate Pest Control, and Reg. Rodent Pest Control.)
